TYLENOL #4 WITH CODEINE

Purpose: This medicine is used to relieve pain.

Usage: Take this medicine only as directed by Dr. Beeson. Do not take more of it and do not take it more often or for a longer period of time than ordered.

Precautions: This medicine will add to the effects of alcohol and other CNS depressants (medicines that slow down the nervous system). Check with Dr. Beeson before taking any such depressants while you are using this medicine.

Possible side effects:

Common side effects include dizziness or lightheadedness; drowsiness; feeling faint; nausea or vomiting; unusual tiredness or weakness. If you notice other effects not listed above, contact Dr. Beeson.
